### AFTER SCHOOL ENRICHMENT CLUBS / ACTIVITIES FALL 2025 (9/8/25 - 12/12/25)

We have expanded after-school offerings to include more vendor clubs this coming semester. Please also review the changes to the club schedule for existing clubs. There will be two separate sign-up processes again; one for unaffiliated vendor clubs hosted at Lee (NOW LIVE) and one for non-vendor Lee clubs (Sign up on 8/15 @8pm). After receiving feedback from the community, all clubs will continue to be paid for by caregivers, some clubs will be offering scholarships managed by our new school counselor, Cheyenne Koerth. Please email her directly for scholarship requests at [cheyenne.koerth@austinisd.org](mailto:cheyenne.koerth@austinisd.org).  
*Some clubs have different start and end dates. Club times also vary.*

**Please note:** All clubs have a minimum and maximum student enrollment requirement, which is determined solely by the individual club providers. These requirements are not set or managed by the PTA. If a club you’ve registered for does not meet its minimum enrollment, the club provider may cancel the club at their discretion.

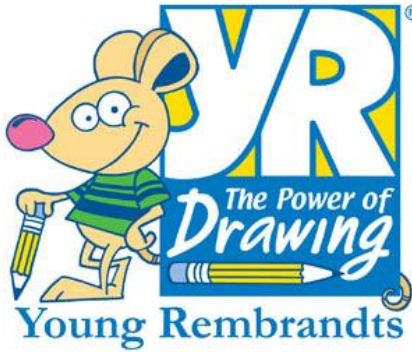

*The PTA’s role is solely to help facilitate the connection between families and club providers. We do not oversee club operations, make decisions about club logistics, or handle any payments. All payments and arrangements are made directly between families and the club vendors or instructors. The PTA does not receive any portion of these fees.*

*After School Enrichment Clubs are designed to offer fun and engaging opportunities for students. While we expect clubs to follow their scheduled meeting times and communicate any changes directly with families, please note that these clubs are extracurricular enrichment activities—not a form of childcare. We appreciate your understanding and support in making these programs a positive experience for all.*

**SIGN UP LIVE NOW for Vendor After-School Clubs at Lee**

The outside vendor after-school activities sign ups are LIVE NOW. These companies are not affiliated or endorsed by Lee Elementary School or the Lee PTA but offered at the school in order to provide quality resources to our community. **Remember that you sign up with the vendor through their website and pay through their website. Registration is now open.** For information about the programs below, please contact the individual in charge of that program. Please do not contact the Lee office, counseling, or Admin staff regarding programs. See contact info for program leads below.

# MONDAY CLUBS: FALL 2025

## **Young Rembrandts Elementary Drawing: 1st-5th grade**

*(limit 16 students)*

Let's make this back-to-school season a masterpiece! Young Rembrandts' drawing lessons will ignite your child's creativity and sharpen their artistic skills. We'll tackle creative projects like a detailed gumball machine, a mouthwatering sandwich, and a dazzling Egyptian headdress that'll whisk your artist back in time. A fall-themed illustration will introduce them to warm and cool color theory. With every lesson, your child will enhance their art skills, strategic thinking and self-expression. Creativity is calling—sign up now! ALL MATERIALS INCLUDED.

**IMPORTANT:** Young Rembrandts classes are highly structured, requiring a great deal of focus. Please consider the learning environment when deciding whether to enroll your student.

#### **iSTEAM: Kinder - 5th grade** (limit 12 students)

*At iSTEAM After School we strive to provide tools for kids of all ages to express themselves creatively, learn to problem solve and think logically while inspiring them to discover and innovate.*

- *Hands-on: Children will experience science interactively via hands-on and observable experiments. They will connect their Science, Technology, Engineering, Art, and Mathematics knowledge to everyday activities and events.*

- *Think like a Scientist Our young scientists are encouraged to ask questions, think critically, experiment, and explain their reasoning and problem-solving. As a result, they will deepen their collaboration, creativity, and critical thinking skills, as well as their understanding and interest in science.*

- *Curriculum: We have a variety of curriculums to choose from to make sure students are excited for the class every session. Our curriculum themes include:*

- *Blueprint Masters: Engineering and Architecture*
- *Secret Agent Academy*
- *Color Lab*
- *Space Explorers*
- *Earth Science*
- *Chemical Reactions and more*

This semester's iSTEAM curriculum is **Amazing Earth** which focuses on the study of the earth and its natural processes. Participants will have the opportunity to explore various topics related to geology, meteorology, and ecology through hands-on activities and experiments. They will learn about the formation of rocks and minerals, the water cycle, weather patterns, and the interdependence of living organisms and their environment. The program aims to foster curiosity, critical thinking, and scientific literacy, while also raising awareness about environmental issues and the importance of conservation. By joining the program, students can develop a deeper understanding and appreciation of the planet we live on.

**Austin Youth Fitness Biking Club: Kinder-6th grades**

*(limit 20)*

In AYF Biking Club kids go on a new adventure each week, and learn different routes through their school neighborhood, with the rides progressing gradually from 2-6 miles over the 6-week session. Biking is an important developmental skill, as well as a LIFE skill, and our goal is to help kids discover the JOY that biking brings, as they work to improve. AYF “makes fitness fun,” and so does biking!

If it rains, the session will be cancelled. Caregivers will be offered the option to make up in another session or receive a credit/refund. We do our best to make the call as early as possible if we have to cancel, and will let caregivers and the school know by 2pm at the latest.

Our after-school Running Club promotes physical activity, goal-setting, and social-emotional learning through engaging running challenges. We aim to help students improve their running while building confidence, teamwork, and good race habits. We'll also introduce opportunities to participate in local races around Austin and teach race etiquette.
